RICHMOND, CONTRA COSTA COUNTY, CAL., — MONDAY, DECEMBER 17, 1917

NUMBER 131

WEST DRIVE OF GERMANS BUNK, SAYS EXPERTS

WASHINGTON, Dec. 17.—General optimism has spread through army and navy circles. The wave of apparent pessimism manifested for a fortnight, due to unsatisfactory reports from Italy, France, and even Great Britain, has been dissipated. The army and navy at last had some real facts before it.

Admiral William S. Benson and General Tasker H. Bliss were responsible. Both were back on the job today, and they used strong language in denouncing the various stories that the Germans had taken over the offensive everywhere on the western front.

"That report is a d— pro-German lie and a piece of characteristically pernicious pro-German propaganda," is the way one of these high ranking officers designated the report. They could not be quoted on essential military secrets, of course; but it can be stated as a fact that all along the western front the Germans continue on the defensive and their morale is far below what it was even a few months ago.

The United States will redouble its efforts in men, material, and ships almost immediately. This must come, the members of the recent mission said today. They have completely prepared detailed plans to accomplish this end. These plans were initiated today—less than forty-eight hours after the mission landed at an Atlantic port—and will bring some real surprise to be enemy before some real campaign is well under way.

Although the Germans have been pouring troops from the east into the reserve lines behind the western trenches for more than a month now, they have been unable even to dent the French front. And the loss of a good part of the gains made by General Byng's men in their famous drive, in which the American engineers suffered severely, was due to a failure of judgment on the part of a certain British commander. The German reinforcements, the army experts here today learned, have naturally increased German power, but there has been no corresponding increase in materials, especially in artillery, which is so essentially vital if Von Hindenburg hopes to resume the general offensive.

STEAM SCHOONER DISABLED BY STANDARD TANKER

In a collision at sea last night thirty miles north of Point Reyes between Standard Oil tank steamer J. A. Moffett and the steam schooner Newburg the latter vessel was disabled and is being towed to this port by the tanker, according to a wireless message received today from Captain Smith of the Moffett by the marine department of the San Francisco Chamber of Commerce.

No details were given, but it is presumed the collision occurred in a fog. The vessels are expected to arrive here late today.

The Newburg is a small vessel of only 330 tons, and left Bowens Landing, Mendocino County, last night for San Francisco. The vessel is owned by Richardson & Co.

RED CROSS PROCLAMATION

By Governor Wm. D. Stephens of California.

The War Council of the American Red Cross has taken upon itself the task of increasing the membership of the Red Cross to fifteen million, believing that in such membership all persons, who cannot otherwise serve the Nation, can find a means of helping win the war.

Christmas time has been fixed as the proper season in which to carry on the campaign for membership for the reason that the spirit which prompts us all to celebrate Christmas is the same spirit which creates and utilizes the ideals and the work of the Red Cross and particularly because at this time—our first Christmas in the war—Christmas cheer and Red Cross work should go hand in hand.

I believe that the people of California should support the campaign for membership with their whole strength, and, therefore, I do hereby proclaim that the week of December 17th to December 24th, be set apart and dedicated to the cause of the American Red Cross Membership Drive, with the hope that each day will be devoted to the work in accordance with the detailed plans of the committee in charge.

(Signed) WILLIAM D. STEPHENS, Governor.

MRS. PETERSON WIFE OF CAPTAIN RUMSEY CALLED BY GRIM REAPER

Louise Albertine Peterson, wife of J. E. Peterson, who works for the Standard Oil company in this city, died at the family home at 945 Stenage avenue, Albany yesterday evening. She was a native of San Francisco and was 37 years of age.

Mrs. Peterson leaves five children and a husband to mourn her death. They are Edna, Laura, Ethel, Thelma and Albert. She has two brothers residing in San Francisco, W. H. and William L. Hahn.

Funeral services will be conducted from the family home in Albany tomorrow at 2 p. m., and the remains will be interred in Sunset View cemetery. Undertaker Bert Curry has charge of the funeral.

GEORGE LEE AND WIFE ENTERTAIN THEIR FRIENDS

Assistant Cashier George Lee, of the Mechanics Bank and Mrs. Lee were host and hostess to a very pleasant party held at their home at 55 Montana avenue on the West Side Saturday evening, in honor of the soldier boy guests. There were many visitors present from the city and the bay.

The home was decorated in Christmas evergreens and the spacious rooms made a very pleasing appearance. The evening was spent with music and a social good time, after which refreshments were served.

Among those present were: Lieut. Lawders, Lieut. Ronson, Corporal Burke, Arthur Irwin, Mr. and Mrs. Leisille, Bob Ford, Waverly Tilden, Mr. and Mrs. Sydney Stitt, John Rigello, Mr. and Mrs. George Lee, Viola Treanor, Miss Chandler, Miss N. Bishop, Miss Eva Russell, Miss Hawkins, Miss Esther Eckles, Miss Gene Bartholme, Miss Irwin, Miss Maude Henry, Mr. Miller, Attorney and Mrs. Johnston, and Mr. Linton.

Of this city. The tanker left here as noon yesterday for Prince Rupert, B. C.

The Moffett is the tanker on which an explosion occurred several months ago at the Long Wharf in this city, in which two men were killed.

THEY'RE OFF! THE BIG RED CROSS DRIVE BEGAN TODAY

The big Red Cross drive for 3,500 new members of Richmond chapter starts today. It ends on Christmas Eve. On that night every house in Richmond should display a Red Cross service flag showing that at least one member of the household has done a little bit toward alleviating the suffering of wounded soldiers at the front who have given their all.

Membership in Red Cross is only a dollar! There is hardly a man, woman or child in Richmond who could not give that much to such a cause. Will you give it? It could hardly be called a sacrifice to give so small a thing as a dollar but where it is a sacrifice it is all the more blessed to give.

Here is a report of what the local chapter had done up to November 1, 1917. It was organized in May of this year.

1,850 Annual members enrolled at \$1 a year.

4 Contributing members at \$5 a year.

31 subscribing members at \$2 a year.

1 sustaining member at \$10 a year.

4 life members at \$25 a year.

2 patron members at \$100 a year.

Making a total membership of 1,892.

Amount of dues collected, \$2,245.00

Total donations received, 3,270.02

\$5,515.02

Headquarters, \$1,220.

There has been spent:

Hospital supplies, \$2,078.76

Stationery, postage, 49.07

Membership pins, cartage, hardware, 151.31

Advertising, 7.45

Civilian Relief, 56.15

The balance of \$1,952.28 remaining in the treasury at the time of this report at the annual meeting has nearly all been spent for hospital supplies and comfort kits for the soldiers. Funds from several entertainments and card parties have been turned in during the six weeks since but nothing in proportion to what has been spent.

The Red Cross needs your money and it needs you. If you are not visited by the workers in this drive just drop in at headquarters on Macdonald near Sixth and leave your dollar there.

Dr. C. L. Abbott, who is a member of the San Francisco Base Hospital unit has been ordered to report for service Wednesday at Camp Fremont. He has done his business affairs and is arranging his business affairs to comply with the orders.

Dr. U. S. Abbott, who is in the East on a visit with his wife, has been wired to return at the earliest possible moment.

Dr. C. L. Abbott did not expect to be called until after the first of the year, but evidently different plans have been made by the department and the unit is to be called into immediate active service.

F. R. Raglan departed for his former home in Iowa, where he will enlist in the 61st Engineering Corps. He has been residing in this city for the past three years.

Mrs. H. J. Beyer, wife of the cigar and stationery man of 1010 Macdonald avenue, is going to Davis, Yolo county for her health. She will visit at the home of relatives while there.

Mrs. W. S. McRacken will give a children's masquerade ball on the evening of the 28th at the Richmond club. All persons under the age of 18 years are invited to attend. The proceeds will be turned over to the Red Cross.

Mrs. H. J. Beyer, wife of the cigar and stationery man of 1010 Macdonald avenue, is going to Davis, Yolo county for her health. She will visit at the home of relatives while there.

VENICE DEFENDED BY VAST SYSTEM OF TRENCHES AND FLOATING FORTS

ON THE LOWER PIAVE RIVER, ITALY, December 17.—Countless square miles of desolate marsh land, interspersed by sluggish lagoons, line after line of stationary batteries of guns of from three to fifteen inches in calibre and deep muddy trenches filled with men determined that the enemy shall not advance any further—such are the impressive and apparently well nigh unsalable defense of Venice. Nature has placed a barrier in the path of the invader apparently more insurmountable even than the mountains across which the enemy has fought his way, and these natural obstacles have been fortified as has no other place in Europe.

Human ingenuity has outdone itself to provide floating fortresses armed with huge guns which, camouflaged and concealed from spying airplanes, can slip from point to point, never offering a mark and yet always able to bombard the enemy as he attempts nightly to build pontoon bridges across the river Piave.

Skilled engineers have ferreted out every bit of solid mainland in the vast swampy area north of Venice where batteries have been established.

The same engineers have cut away the dykes that formerly controlled the water to irrigate the fertile Italian plains, creating a vast lake.

The foundation has made a thousand peasants homeless, but the lake presents an almost insurmountable barrier to the Austrian artillery. Thus far the enemy has been prevented from bringing his big guns up to a position from which he might bombard Venice.

The trip through the defense system of Venice and along the lower Piave which the correspondent, though accredited only to the French armies was about to make through the courtesy of the Italian naval and military authorities, began at Venice from which city a speedy naval motor boat plowed its way at sunrise into the confusing maze of canals that intersect the vast marshland area to the north.

NEW MEMBERS FOR CHAMBER OF COMMERCE

The following have recently taken out membership in the Richmond Chamber of Commerce: H. D. Chapman, City Engineer; F. A. Mero, Herbert Brown Co.; Otto Keller, Manager Tivoli Cafe; Geo. Sekiguchi, shoemaker; Orville Jackson, Attorney at Law; Ida M. Boyle, Manager of Casa del Rey Hotel; D. R. Caldwell, Merchant; Emmett Day, A. M. Howes and Dr. Wm. Duane, perfume manufacturer.

MERCHANTS ASSOCIATION WILL MEET THIS EVENING

Secretary Dearborn, of the local Merchants' Association is anxious that there be a good turnout of the members at the meeting of the association this evening at headquarters of the organization.

Much business of importance will come up for consideration and it is imperative that a good representation be present.

Bernal Reed, who is now serving with the United States army, former resident of the West Side, and now with the Medical Corps at Camp Kearney, near San Diego, is to be at home for the Christmas holidays, according to the reports which have been received by the home folks.

Mrs. Jessie DuRae, of Stockton, who has been visiting friends on the West Side for the past few days, departed for home yesterday.

REPRESENTATIVES OF NAVAL BASE HEARING WILL RECEIVE REPORT

President James C. Owens, of the Richmond Chamber of Commerce is in receipt of a communication from the San Francisco Chamber of Commerce which is self-explanatory, as follows:

"Dear Sir:—You are urgently invited to attend a conference of representatives of San Francisco bay cities to be held in room 237 Merchants' Exchange Building, San Francisco, Thursday, December 20th at 3 o'clock. The purpose of this conference is to receive report of the financial decision of the Helm Commission on the establishment of a naval base upon San Francisco bay and other improvements upon the Pacific coast.

It is essential that the consensus of opinion shall be immediately had as to this important report and that ways and means be determined upon to secure the necessary action of Congress to carry out the recommendations of the report. Those invited to the meeting were all concerned in the original hearings before the Helm Commission and had submitted data regarding the establishment of various bases upon San Francisco bay for naval purposes.

"Would be pleased to have your acceptance of this invitation to the conference where full discussion will be had of the entire subject.

"Very truly yours,

"SAN FRANCISCO CHAMBER OF COMMERCE."

If the duck hunters of this locality want to know where all the birds have gone to they should go down to Lake Merritt, in Oakland, where millions of them may be seen every day swimming about in the water or else waddling along the grassy shores. They feed there every day by the city park commissioner and have become as tame as barnyard chickens.

HEARING FOR GAS INCREASE APPLICATION ON JANUARY 10TH

The Pacific Gas and Electric company, the concern doing business in this city, has applied to the Railroad Commission for permission to increase the price of gas in this city from \$1.25 per 1,000 cubic feet to \$1.40 per 1,000 cubic feet, and from indications they stand a pretty good chance of getting what they ask for.

The hearing takes place in San Francisco on the 10th day of January and notice has been given to every subscriber of this city in order that none may plead ignorance when the time arrives for placing the increased price on the gas consumption bills.

The company claims as a basis for asking the increase in price, that the cost of material and wages has advanced and that the company necessarily in order to conduct its affairs must increase the price of gas to their consumers. Which is all fair enough.

But what worries the most of us is that Richmond has been paying \$1.25 per 1,000 feet of gas for a great many years and the people just across the line in Alameda county have been paying but 90 cents for the same service. Why the difference? If the Pacific Gas and Electric company could supply a service to Oakland, Berkeley, Albany, Alameda and Piedmont for 90 cents per 1,000 feet, why could they not supply Richmond gas at the same figure?

They say the company will not

LOCAL BOYS LEAVE FOR FORT SAM HUSTON

Eight Pullman cars, besides the baggage cars made up a train which left this city Saturday evening over the Santa Fe destined for San Antonio, Texas. This train was loaded with young men who enlisted in the bay cities service in the United States aviation corps. Some of them are pilots, or will be when they have received their education, some are destined to be observers and others are mechanics, while others still will be clerks, truck drivers and other occupations which go to make up the personnel of a unit of one of the most important branches of Uncle Sam's overseas forces.

Among the Richmond boys who helped to make up the train were Clyde Conn, son of Mr. and Mrs. W. H. Conn, Duncan Campbell, son of Dr. and Mrs. F. C. Campbell, pioneer residents of Richmond and Curtis Patterson, adopted son of Mr. and Mrs. Paul Dunlap, residing at the Point. There were two other Richmond boys whose names could not be ascertained.

The boat came over from San Francisco shortly after 7 o'clock Saturday morning, but the train did not leave until after 10 o'clock and the friends and relatives of the young men had a long visit with them before leaving.

They are going direct to Fort Sam Houston, near San Antonio, Texas, which is one of the largest aviation training camps in the United States and will be trained in the work they are to do before going across the seas to France in the Spring.

Albert Smith and Cecil Hodges, both former Standard Oil employees, but now of the San Francisco Base Hospital unit stationed at Camp Fremont, were in town yesterday on leave of absence visiting with their numerous friends here.

Richmond has been paying too much for her gas and whatever may be the merit to the claims of the company for an increase for supplying gas to other communities it surely does not apply to this city.

The following is the new rate applied for by the Pacific Gas and Electric company and which is to be considered by the railroad Commission next month:

On the basis of monthly consumption per meter:

\$1.40 per 1,000 cubic feet for the first 5,000 cu. ft.

\$1.20 per 1,000 cubic feet for the first 5,000 cu. ft.

\$1.00 per 1,000 cubic feet for the first 20,000 cu. ft.

90 cents per 1,000 cubic feet for the first 20,000 cu. ft.

80 cents per 1,000 cubic feet for the first 20,000 cu. ft.

80 cents per 1,000 cubic feet for the first 20,000 cu. ft.

Minimum monthly charge, 75 cents per meter.

On the basis of monthly consumption per meter:

\$1.40 per 1,000 cubic feet for the first 5,000 cu. ft.

\$1.20 per 1,000 cubic feet for the first 5,000 cu. ft.

\$1.00 per 1,000 cubic feet for the first 20,000 cu. ft.

RECEIPT FOR SWELLED HEADS

American Magazine

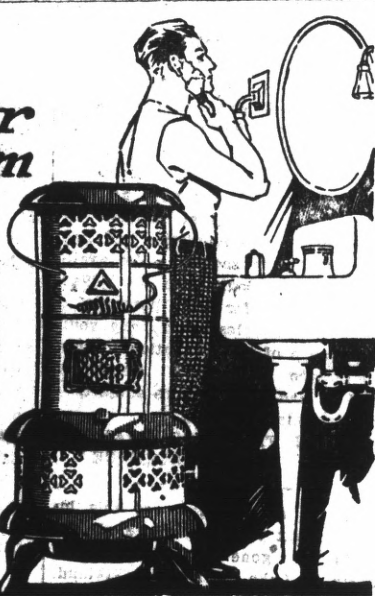

He had a bad case of swelled head. A terrible but very common disease. He got to making money fast, and then he blew it in right and left for the purpose of showing off. He thought that he was a wonder. He felt that he was invincible. He allowed his feet to get off the ground and he became a victim of self-flattery—the worst flattery than can attack anybody.

So he blew up with a loud report and now he is getting back on his feet.

It takes a man with a lot of sense to keep level-headed in the presence of sudden success: Still it can be done. The way to do it is to keep saying to yourself:

"Now, young fellow, don't fool yourself. Remember that millions before you for untold generations, have shot up like rockets and then shot down. There is nothing remarkable about you yet. You are still about as rare as a garter snake—there being so many like you in the past. You haven't even begun to distinguish yourself except by doing a good job well for a long time. Now, the surest way for you to interrupt that good work is for you to develop a swell head. Don't do it. You need your head for thinking purposes, and a swelled head can't think straight."

For your bathroom

Chases the chills in a jiffy—you bathe or shave in comfort. Portable. Fuel consumed only when heat is needed—no waste. No smoke or odor.

"Your Herbs Wonderful"

So said Mrs. Perry, a well known public school music teacher, after drinking Fong Wan's Her Tea for female weakness, and gave the following testimony: "On March 3, 1917, for about a year I suffered from female weakness. I was bloated, feverish and thirsty, and had frequent hot flashes. My head was sometimes so hot and heavy that I was unable to teach. After having drunk the FONG WAN CHINESE HERB TEA for less than a month, my health is normal again and my work a pleasure."

MRS. M. E. PERRY, 876 Arlington Ave., Oakland. This testimonial is local and authentic and not to be classed with those made up for advertising purposes and dated in inaccessible places. All testimonials printed by us may be easily verified.

FOUR HUSBANDS IS MAIN ORPHEUM EVENT THIS WEEK

"It came in with a couple of cars, just like a big road production," remarked Manager Harry Cornell as the curtain went up on "The Four Husbands" at the Orpheum yesterday afternoon.

"Yes," remarked John Morrissey, veteran Orpheum manager who was sitting beside him, "This is the last word in a vaudeville production. It is a big road show at last, put on as a vaudeville act."

Clyde Westover, in the next seat, did not say much. He was nervous. He had a sketch on the bill—and he did not know how the critics were going to handle it. His nervousness was unfounded—but more of that later.

The conversation was apropos of "The Four Husbands," the most massive production ever offered in vaudeville. It is a complete musical comedy, plot, lyrics by William B. Friedlander, thirty in the cast and a gorgeous wardrobe—a carload of scenery and every thing that a big road production has.

It "went big" yesterday. Jack Boyle and Kitty Bryn, who led the cast, installed themselves as Oakland theatrom's "dols at once. The hitting lyrics of Friedlander—he is the man who wrote Nan Halperin's songs, and incidentally Nan's husband—are even better than in his former musical comedy successes. The production is a real masterpiece.

Now for Clyde Westover—he who used to be a newspaper man and president of the press club, and now is a successful playwright. His sketch is Al. It is a strikingly clever thing, full of those epigrammatic little twists that fairly steal the laughs away before you notice it—and has a big surprise at the end. Howard Russell, who is a very finished actor, helps to make it the success it is, and Miss Dora Sullivan, who supports him, is fair to look it. W. C. Walsh is a convincing actor. Of course, the sketch was no experiment—it has been a big success elsewhere on the circuit—but it was mighty new to Clyde Westover's friends.

Winona Winter has ubiquitous cleverness. She comes out and sings, imitates, recites—and then turns ventriloquist. She is very pretty. So is her gown. It is good for her to be here.

James Callen returns for the seventeenth time over the Orpheum circuit—and he "Cleaned Up" heavily yesterday. He has a way of "slipping over" his fine points—you don't realize he's funny until you are busy laughing at him. He is a bit fatter than last time—admits it himself.

Rita Boland is "full of pep"—and she has some original songs. George and Dick Rath proved to be acrobatic marvels, and "stopped the show"—a thing strange for athletes. Ioleen sisters do a snappy tight wire act, and Martin and Boggs offer charming dances. The Pathe News and a Christie comedy round out the bill. This is the biggest bill the Orpheum has put off this season, without a doubt—a theatrical "Merry Christmas" with a punch.

THOUSANDS OF ACRE OF LAND TO LEASE IN THIS STATE

There are 811,810.64 acres of vacant school land situate in 48 counties of this State which are subject to lease by any person, firm or corporation from the State of California pursuant to the provisions of Chapter 493, Statutes of California. But not an acre is left in Contra Costa county.

Anyone desiring to lease any of said lands can, by communicating with Surveyor General W. S. Kingsbury, Sacramento, California, obtain a pamphlet containing a copy of the law governing the leasing of said lands and a list of the different tracts of state land subject to lease in the county in which he is interested together with a form for application to lease.

The fee for filling an application is \$5.00 and the annual rental per acre charged is finally determined by the State Board of Control. There is no charge for the pamphlets sent out by the Surveyor General.

JOHN BEADRICH FATHER OF A SON

J. A. Beadrich, Jr., the popular city clerk is the happiest man in Richmond today, and it is all on account of a little son which arrived at his home, 1830 Burbeck avenue, yesterday morning at an early hour.

This latest native son weighed 10 pounds upon his arrival and according to John is one of the finest specimens of young manhood in California for a long time. Dr. Hall Vestal was the attending physician and the mother and little one are doing well.

It might be well to impress upon the people the fact that Mr. Hoover is merely a leader, a captain, and in no sense the whole thing in this great campaign of conservation. He is here to outline a course and blaze the way, but the PEOPLE, the masses whose interests are paramount, must constitute the great motive power if success is to crown our efforts. If the goal is reached it will be through the individual action of the people, of YOU, and I.

Cherry's Supplies Gifts for the Entire Family

"I really don't see, Louise, how that CHERRY'S Shop can be so liberal. All customers may choose anything in stock and defer the first payment until January 1st. Think of being able to wear a garment a whole month before you pay a cent on it! Besides, one can buy so many gift gifts the same way—blouses, silk petticoats, coats, furs—oh, lots of things! After the first small payment the first of the year, you pay a little each week or month—'to suit.' Women's Store, 514 13th St., Oakland. Men's Store, 523 13th St.—Adv.

The Brunswick

A Music Lover's Discovery

New Delights

A well-known musician entered a well-known phonograph shop yesterday. He had heard of The Brunswick.

"Is it possible," he asked, "that you have the phonograph I've always wished for? One that plays all records?"

Then his favorite records were played—some of the well-known makes. He asked for different artists—all were available.

"This is marvelous!" he said. "No longer will I be limited to one line of records, but I can hear all my favorites. And the tone—it is far better. The Brunswick is a triumph!"

This is not an unusual incident. Nearly every visitor expresses the same delight.

Can you afford to overlook this great sensation in your selection of a phonograph?

Hear and compare The Brunswick before you decide.

Prices \$32.50 to \$100—Easy Terms

C. AUBREY SMITH
IN
"THE WITCHING HOUR"

When the roll of honor of the genuinely excellent productions of 1916 is assembled "The Witching Hour," at the Richmond Theatre today and tomorrow, will be among those present—and it will be up with the leaders. Of course, the Frohman Company had an exceptional story to work on in Augustus Thomas' stage play, but the way that the material has been presented brings superlatives to the typewriter of the reviewer.

The Junior Red Cross, of the Richmond Union high school, ended its first week of the drive for the sum of \$200 which they have set as the mark to reach. Up to the present time they have collected the sum of \$120, all of which has been collected from the students.

Thelma Bernice, the infant daughter of Mr. and Mrs. Edward M. White, died at the family home yesterday at 425 20th street. The funeral was held at the Small wood mortuary parlors this afternoon at 2 o'clock and interment took place in Sunset View cemetery.

Secret Is Out—Men Interested in Good Clothes Will Read This

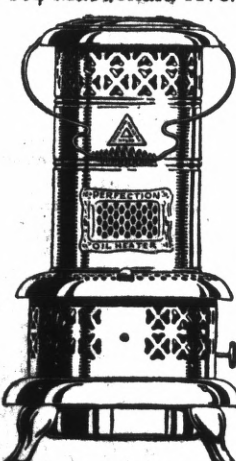

The explanation of a lot of fellows' natty appearances is that they've learned the benefits of using their credit. Dozens of men are taking advantage of CHERRY'S special December offer which makes it possible for any man with good references to select just what he wants in the way of clothes and enjoy them almost a month before he pays a single cent on them. Pretty fine for the fellow who needs the money for buying Christmas gifts. A little each week or month takes care of the balance. Want their address? Men's Store, 528 13th St., Oakland. LOCAL MENTION

Pertinent remarks about well-known People in Richmond Happenings about Town

Former Lieutenant Hickok, of the local fire department who is now in the Quartermasters Corps of the United States army, will depart for Jacksonville, Florida, this evening.

A. H. Farrell, until recently a local carpenter, has enlisted in the aviation corps and departed for Fort Sam Houston, San Antonio, Texas, Saturday evening over the Santa Fe.

At the meeting of Zephyr Rebekah lodge Saturday evening it was decided to have Children's Night on December 29th at Fraternal Hall. All Odd Fellows and their families will be welcomed.

Mrs. Ada Lee, of Los Angeles, who is a returned East Indian missionary is a sister of Mrs. Alice Conry. Mrs. Lee delivered a lecture at the First Methodist church on the West Side yesterday morning. She is visiting at the home of Mrs. Conry and along with her mother and her sons, Frank and Albert.

Mrs. J. Gilmore, wife of Lieutenant Gilmore, of the local Home Guards lately admitted to an operation at the Mt. Zion hospital in San Francisco. The lady is reported to be recovering nicely and will soon be returned to her Sixteen street home.

William Hadley, of the Richmond Union High School has enlisted in the army as sergeant in the 62 Infantry Band. His headquarters is now at the Presidio in San Francisco.

"For Once I'm Going to Have a Real Christmas, Lucia! And Cherry's Made It Possible."

"Such wonderful news, my dear. You know with three of our boys in camp I spent nearly all my money on gifts for them. I was at my wits' ends to know how to get around the rest of the folks, to say nothing about myself! I was a sight in that old suit. I read where CHERRY'S are making a wonderful holiday offer to all those who can give good references. You choose what you want, either for personal wear or gift giving, and don't pay a cent until the first of the year. Think of that! Then you pay the rest in small payments to suit. It's just great. I think!" Women's Store, 515 13th St., Oakland. Men's Store, 528 13th St.—Advertisement.

There's But One Safe Way to Buy

I keep in close touch with market conditions of food products. I am correctly informed as to the cash and food value of practically every article of table and baking use. My knowledge and close acquaintance with baking materials and their quality and money worth passed on to you in my articles, should aid in the selection of proper foods at proper prices.

You have often heard the expression that "water seeks its own level." This same thought might well be applied to merchandise.

Inferior merchandise may find a ready demand when first put on the market—but its inferiority is soon found out—and its sale usually takes a slump. Hence I have come to the conclusion that the biggest seller is the best buy.

When some certain brand is given a wide preference over all similar merchandise it means but one thing—merit has proved it best.

So it follows that if housewives would purchase only merchandise that meets the greatest demand their buying would be far more satisfactory.

I have noticed invariably that the demand for a product always verifies the value of a product determined by scientific tests—which proves my contention conclusively.

Take baking powder. The biggest selling brand on the market today proved to me by the most critical experiments that it is entitled to the preference it has gained.

There are more pounds of Calumet sold than any other brand of baking powder. Usage has proved its superiority—my tests pointed to the same fact. The woman who buys Calumet eliminates all possible waste. She profits by the experience of millions of women who after testing many different brands of baking powder find Calumet best. It is safe to buy because overwhelming choice shows the supreme satisfaction it renders the vast majority of housewives.

I have made investigations and trips through many plants that manufacture food articles, and I have yet to find a finer and better equipped, more up to date, sanitary plant than that of the Calumet Baking Powder Co. Anyone who will visit this plant will readily understand why they should and how they do manufacture baking powder that fills all the requirements.

Maudie Marie Costello

NOTE.—Miss Costello is already well known to most of the ladies of our city. She is of the Domestic Science Branch of the University of Chicago, a graduate of Lewis Institute, Supervisor of Domestic Science in Public Schools, Special Lecturer on Domestic Arts and Economy, Special Lecturer to the Women's Clubs.

We are publishing a series of her most important articles.
